FRONT-END ENGINEER | QUALITY ASSURANCE ENGINEER | PROJECT COORDINATOR

Results-driven software professional with over 3 years of experience bridging front-end development and quality assurance. Proven expertise in building responsive, high-performance web applications using React, Next.js, and TypeScript, combined with a rigorous approach to manual and API testing using Postman and Jira. Adept at coordinating cross-functional teams, managing project lifecycles, and ensuring seamless delivery of user-centric digital products.

CORE PROFICIENCIES | SKILLS

Front-End Development: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS/Tailwind CSS, Redux, Context API, Webpack, Vite, GraphQL, REST APIs, Responsive Design, Cross-Browser Compatibility.

Quality Assurance: Manual Testing, API Testing (Postman), Defect Tracking (Jira), Test Case Design, Bug Reporting, Regression Testing, User Acceptance Testing (UAT), Agile/Scrum.

Project Coordination: Agile Project Management, Sprint Planning, Stakeholder Communication, Task Prioritization, Timeline Tracking, Risk Mitigation, Documentation (Confluence), Jira & Trello.

Tools & Technologies: Git, GitHub, Slack, Jira, Trello, Chrome DevTools, Figma (basic), Firebase, MongoDB, RESTful Services.

Concepts: MVC, Design Patterns, TDD, CI/CD Awareness, User-Centered Design, Accessibility (WCAG), Performance Optimization

PROFESSIONAL EXPERIENCE

DIVCODES- Beriut, Lebanon

March 2023-Now

Front-End Engineer & QA Coordinator

- Developed and maintained 5+ responsive web applications using React, Next.js, TypeScript, and Tailwind CSS, improving user navigation speed by 80% through code splitting and lazy loading.
- Conducted end-to-end manual and API testing (Postman) for all new features, identifying and tracking 100+ critical bugs via Jira, reducing post-launch defects by 70%.
- Collaborated with UX designers and back-end teams to translate Figma mockups into pixel-perfect, accessible interfaces while validating functionality at every stage.
- Acted as the primary QA liaison between development and product teams, ensuring requirements were testable and deliverables met quality gates before deployment.

- Coordinated sprint planning and daily standups, maintaining Jira boards for 3 concurrent projects and improving team delivery accuracy by 40%.

EdTech- United Arab Emirates

January 2021- February 2023

Front-End Engineer & Junior QA Specialist

- Built multi-platform e-commerce and CRM dashboards using React, GraphQL, Firebase, and WebSockets, increasing mobile traffic by 25% through optimized UI/UX.
- Designed and executed test cases for key user flows (login, checkout, payment), ensuring 99% test coverage for critical modules.
- Integrated Jira with development workflows to automate bug reporting and status updates, reducing resolution time by 40%.
- Mentored junior developers on front-end best practices and introduced basic QA checklists into the development pipeline.

EDUCATION

Tishreen University – Syria

January 2020

Bachelor of Software Engineer

- Distinction: Graduated top (10%)
